

**Adding a new
dimension to
education**

Coding & Robotics Workshop

Why Choose Coding & Robotics?

Technology isn't just the future — it's the now. Our hands-on, engaging workshops equip your child with the skills they need to thrive in tomorrow's world by introducing them to the exciting fields of programming and robotics.

For Parents Who Want More Than Just Screen Time. You want the best for your child — skills that prepare them for the future, experiences that spark creativity, and activities that go beyond passive scrolling. At ETB, your child won't just use technology — they'll learn to build it, understand it, and lead with it.

Tinker + Create + Explore = Coding & Robotics

Our Coding & Robotics Workshop empowers children to turn their curiosity into creativity, transforming their existing knowledge into innovative solutions — **Coding & Programming, Real-Life Problem Solving with Math & Tech, Building Robots, Smart Cars, and More, Thinking Creatively & Working as a Team, Focus & Innovation Skill.**

What parents love about ETB workshops:

Future-focused learning in a safe, supportive space.

Boosts confidence, creativity & problem-solving.

Real-world skills like teamwork, logic, and leadership.

Screen time with a purpose — not just entertainment

Tangible projects that kids can proudly show off.

Turn “I Can’t” into “Watch Me Do It!” Let your child **explore, create, and lead** in the digital world — while having the time of their life.

This is where passion meets purpose.

Parents love the learning. Kids love the fun.
